

2022 Subject Index

Title	Page
A case of type 1 Diabetes mellitus unresponsive to insulin glulisine	135
A new heart surgery clinic: results of 67 open heart surgery in the first year	49
A prognostic marker for mortality of COVID-19 patients in the intensive care unit: the delta neutrophil index	63
A rare drug fever due to everolimus use in a patient with liver transplantation: a case report during the COVID-19 pandemic	27
An examination of sex hormone levels in epilepsy patients taking antiepileptic treatment	13
Assessment of Micro-R/Macro-R values and other hemogram parameters for the diagnosis of early neonatal sepsis	104
Burnout levels of the intensive care unit team during extended COVID-19 outbreak and affecting factors	108
Calcinosis cutis in the auricle: a case report	52
Change of critical COVID-19 disease in time	35
Closure of a pseudo aneurysm developed after trauma in the brachial artery with endovascular stent graft: A case report	88
Comparison of inflammatory markers in the differentiation of uncomplicated appendicitis and complicated appendicitis	100
Demographic features of patients followed up in COVID intensive care units during the pandemic period	39
Dural splitting has similar therapeutic efficacy with less complications, shorter operative and hospitalization times when compared to duraplasty in chiari type-I malformation	113
Evaluation of anti-spike IgG response after inactivated COVID-19 vaccine in healthcare workers	123
Evaluation of the approach to hemodialysis vascular access during the pandemic period	10
Evaluation of the effect of probiotics on celiac patients	119
Hemophagocytic lymphohistiocytosis: pouring gasoline on the cytokine storm	30
Hereditary dystrophies of the posterior segment of the retina	1
Herpes zoster after COVID-19 disease	138
Inherited hemolytic anemias in children	90
Intrauterine left ovarian torsion located in the right abdominal quadrant: Case report	84
Invasive hemodynamic monitoring for fluid management in septic shock patients	131
Localization of rib fractures following blunt thorax trauma and investigating the relationship between these and traumatic hemopneumothorax	73
Lung and cardiac ultrasonography in intensive care	57
Multiorgan dysfunction due to colchicine	54
Our experiences of percutaneous tracheostomy in intensive care unit	127
Pulmonary embolism prevalence in syncope patients brought to the emergency room by ambulance	81

The correlation of mean platelet volume (MPV) and neutrophil-lymphocyte ratio (NLR) measurements, and the Ishak fibrosis Score in our patients with chronic hepatitis B	19
The effect of high-dose vitamin C on renal functions in COVID-19 patients	68
The effect of hyperthyroidism in the first trimester of pregnancy on low birth weight	77
The effect of intraoperative epidural levobupivacaine administration in lumbar disc surgery for postoperative pain	44
The effect of paravertebral block as a part of multimodal analgesia for laparoscopic cholecystectomy surgery	95
